Keep Flex at Dave's Location

Pros

- Much easier to access for service
- Working right now
- Antenna is much better at Dave's location
- Antenna access is far less restricted

Cons

- Not physically on campus
- Limited access if Dave is out of town

Keep Flex at O&M

Pros

- Faster access and not restricted by when
- Flex would physically be on campus

Cons

- Significantly compromised antenna
- Almost no access to the antenna
- Min. 4 weeks before we could get the Flex running in O&M, if at all
- Cannot reboot the Flex as needed
